MUSEUM EXPERIENCE
Kirby Science Discovery Center

Discover. Interact. Play. The Kirby Science Discovery has three floors of hands-on, engaging, educational exhibits ready for your group to explore. From space exploration and health to dinosaurs and engineering, our science museum meets educational standards and provides a unique, unforgettable field trip for groups.

Interactive Exhibits

Forever Forest · JAN. 31 – JUL. 19, 2020
Discover how we use the forest to live, work and play in harmony

Bounce, Smash, Fizz, Pop and Bang!

FIELD TRIP EXTRA: Science Demonstration
Learn all about reactions at Avera Stage Science with fun experiments and noise makers. Discover science that bounces, smashes, fizzes, pops and bangs!

Space: An Out-of-this-World Experience
Launch a water rocket, land a space shuttle, survive space and more

Health Quest by Sanford
Explore health topics like DNA, emergency care and more

Dinosaur Discovery
Dig for dinosaur bones, meet Stan the T-rex and ride in our Jurassic Jeep

Quarry Dig
3...2...1...boom! Transport rocks, crawl in a tunnel and explore pulleys
Wells Fargo CineDome

Science comes alive on the giant 60-foot Wells Fargo CineDome screen. A high-tech digital projection system provides incredible high-definition technology with a state-of-the-art 4K single image projector. All movies are approximately 40 minutes long.

**FIELD TRIP EXTRA**

*Into America's Wild*  
SPRING 2020

Visit our website for current movies, show times, movie descriptions, educator guides and movie websites. Movies, dates and times are subject to change and availability.
Art & Science Labs

Enhance your art or science experience! STEM Discovery Labs and Art Smart Labs are perfect for busy classrooms and learners. Expand your field trip with a lab at the Washington Pavilion, or we can bring a hands-on, educational lab to your school – Pavilion On-the-Go! Off-site labs require an additional form linked below.

Available for classroom size groups or larger groups with multiple sessions per day. Contact education@washingtonpavilion.org for more info.

45 minutes – 1 hour depending on age group • Pre-K-high school

### STEM Discovery Labs

**All About Me**
Explore some of the things that make you unique: fingerprints, DNA and heredity. (Biology • K-3rd grade)

**Catch a Wave**
Learn how invisible energy waves are transferred from place to place by sound, light, heat or electric currents. (Physical Science • K-5th grade)

**Our Amazing Earth**
Discover how our earth is constantly changing through erosion, weathering and natural disaster themed hands-on experiments. (Earth Science • 2nd-5th grade)

**STEM Builders**
Follow the Engineering Design Process to tackle challenges including catapults, earthquake-proof towers and programmable robots. (Engineering • Pre-K-6th grade)

**Up, Down, All Around**
Learn about gravity, inertia, momentum and friction, and get ready for a lab full of pushing, pulling and falling fun! (Physical Science • Pre-K-6th grade)

### Art Smart Labs

**Mixed Media on Canvas**
Observe the art on display in the galleries and use multiple media to create your own masterpiece.

**Printmaking**
Explore the printmaking process: carve into your own printmaking plate, roll on block printing ink and make multiple prints.

**Sculpture**
Use air-dry clay to create your own sculpture using a variety of techniques.

**Design Your Own Lab**

Customized STEM Discovery Labs and Art Smart Labs are available for teachers and leaders upon request for an additional fee.

**CAN’T COME TO US?**
We’ll come to you!

[PAVILION ON-THE-GO REQUEST FORM]
Plays for Living

Plays for Living performances help facilitate healthy conversation on topics that can be hard to talk about. Each performance is followed by a guided facilitation. For more information, email dapa@washingtonpavilion.org.

DAPA student actors perform to inspire and engage their younger peers

Theatre can help start conversations about those hard-to-talk-about topics

Devon’s Hurt (2nd & 3rd)
Coping with hurt feelings
Funded in part by a grant from Sioux Valley Energy

What’s the Difference? (4th & 6th)
Diversity, discrimination, bullying, stereotypes and cliques

Plays for Living Plays (Audience Grade)

Boxes (5th)
Pressures, expectations and how students can choose to define themselves

Where Does It End? (8th+)
Bullying, prejudice and their ugly consequences

The Survivors (7th+)
Depression and suicide prevention
Student Opportunities at the Washington Pavilion

**Design Challenge: Escape Room**
APRIL 18, 2020 · Grades K – 12
This annual event aims to motivate and inspire student innovation through a hands-on challenge, which changes yearly. Free of charge, this is a perfect project for school groups!

**Challenge students’ problem solving skills**

**Off the Fridge Student Art Exhibit**
Grades K – 12
The impressive, ever-changing Off the Fridge art gallery exhibits the work of local students. Artists and their families are invited to a special art reception celebrating their work which is displayed for one month.

Display students’ artwork in the 2nd floor lobby
