## “The Best” Homemade Play Dough

- 2 ½ - 3 cups flour
- 1/2 cup salt
- 1 tbsp. alum (you find this in the spice aisle)
- 2 tbsp. baby oil (or substitute vegetable oil)
- 2 cups boiling water
- Food coloring

### DIRECTIONS

Mix dry ingredients, set aside. Combine water, oil and food coloring. Add liquid mixture to the dry mixture and stir until incorporated. Use hands to knead the playdough, adding small amounts of flour as needed until dough no longer sticks. May be stored in an air tight container or Ziploc bag.
