Welcome to the Washington Pavilion!

The team at the Washington Pavilion is excited to share our 2017-18 field trip, outreach and learning opportunities with you.

From interactive art tours in the Visual Arts Center to exciting films in the Wells Fargo CineDome and engaging science experiences in our Kirby Science Discovery Center, field trips to the Washington Pavilion are memorable, fun and educational. This spring, we are especially excited to welcome back the Dallas Children’s Theatre for a student matinee performance of HOW I BECAME A PIRATE in the awe-inspiring Mary W. Sommervold Hall. Our newly-updated Space exhibition is wowing audiences of all ages, and our Visual Arts Center is featuring national and regional art that is sure to bring color and wonder to your students’ visit. And in 2017-18, if you are unable to visit us, we will come to you. We are excited to highlight our Pavilion-On-the-Go program, an opportunity for our education team to bring some of the hands-on art and science learning from the Pavilion directly to your classrooms.

Educators, we welcome you, as our partners, to come and experience all the Washington Pavilion has to offer as you plan an amazing field trip for your students. On the final page of this guide, you will find an Educator Preview Pass to visit the museums as our guest. We hope to welcome your group to experience the Washington Pavilion for a creative, fun-filled learning adventure that is sure to be one of the highlights of the year.

Darrin Smith, President/CEO
THANK YOU for supporting education at the Washington Pavilion!

About Us

The Washington Pavilion is the region’s home for the arts, entertainment and science. Located in a beautifully renovated historic building in downtown Sioux Falls, it is one of only a few facilities in the world to bring together under one roof the performing arts, visual arts, interactive science and educational opportunities.

Our Mission
is to inspire, educate, entertain and enrich our region by creating opportunities for all to explore and experience the arts and science.

Our Vision
is to be the region’s premier arts and science destination, inspiring lifelong discovery and inclusive experiences.

Our Values

Our History
The Washington Pavilion opened its doors in June of 1999 in the renovated, historic building that served as Washington High School from 1908-1992. This historic transformation was accomplished through the support of public and private funding.

Sample Washington Pavilion Field Trips

Our Group Services team is ready to help you plan an unforgettable field trip. To help guide you in the planning process, here are some recommendations of what your group might enjoy:

More than 20 exhibitions every year featuring local, regional and international art

2017-18 Art Exhibition Highlights

Provenance: Art Stories

Jul. 8, 2017 - Jan. 7, 2018
Permanent Collection Gallery
A provenance is the story of the ownership of an artwork. Join us as we share the surprising stories behind some beautiful artworks including original works by Harvey Dunn, Rembrandt and Andy Warhol.

The Witch by Andy Warhol included courtesy of Scott Schoenen and Paul Weiss

Visit washingtonpavilion.org for current and upcoming exhibitions

Donald Montileaux | Transitions of Lifestyles: Drawings from Hides to Ledger Paper

Dec. 9, 2017 - Apr. 1, 2018
Contemporary Gallery
The works of noted Oglala Lakota ledger artist Donald F. Montileaux journey through the complex art forms and storytelling of the Lakota people. Warriors, horses, buffalo and tipis in reds, blues, greens, yellows and oranges are blended, rubbed and polished on antique ledger pages.

Experience Art Tour · All Ages

On this art adventure, visitors will learn new ways to personally connect with art, practicing close-looking and developing tools for enjoying future museum visits.

Length: 30 minutes

FREE/student thanks to generous sponsors

Art Stories Tour · Pre-K & K

Calling all budding art lovers! Gather around for storytime in our art galleries. Cultivate your students’ enjoyment of art and literature in this interactive half hour of stories and games.

Length: 30 minutes

Our volunteer docents – or art tour guides – are highly qualified guides with experience in many different fields. They love to share their passion for art with visitors of all ages.

Book your visit today • 605.367.6000 • washingtonpavilion.org

Our tours are customized for groups of all ages and abilities. If you are a K-12 educator, please note that our interactive tours meet the South Dakota Fine Arts Content Standards for the following Artistic Processes:

Presenting | Responding | Connecting

To help you meet these South Dakota Fine Arts Content Standards, tour activities vary according to grade level. For more information on fine arts standard connections, please contact Group Services.

FREE/student

optional tour focus (choose up to two):

- Explore Native American Art
  Learn about Northern Plains Tribal cultures, and make connections between art, cultures and history through activities and guided discussion.

- Scavenger Hunt
  Turn your tour into an art escapade with our Scavenger Hunt! Recommended for grades 1-8.

- Design Discoveries
  Let’s explore the elements of design! From line to color, visitors will learn to respond to visual art with an expanded art vocabulary.

- Museum Math
  See how museums use math to design and install exhibitions and look for math in art!
Explore and discover science at our Stage Science located on the 3rd floor of the Kirby Science Discovery Center! Each 20 minute demonstration will be presented for specific audiences grades K-2, 3-5 or 6-8 to align with appropriate science standards for each group.

2017-18 Field Trip Science Demo: Science Attractions

Learn about: Chemistry: Reactions, Polymers | Physics: Motion, Waves | Space: Pressure | Biology: Reptiles

FREE

With two week notice and paid group admission to the science center; one per visit. Dates and times subject to availability.

For more information about connections with South Dakota Science Standards, please contact Group Services.
Science comes alive on the giant 60-foot Wells Fargo CineDome screen. A high-tech digital projection system provides incredible high-definition technology, with a state-of-the-art 4K single image projector. All films are approximately 40 minutes long.

Educational Films

- **Dream Big:** Engineering Wonders of the World
  - Now through Dec. 1, 2017
  - “Dream Big” celebrates the engineers who are pushing the limits of ingenuity and innovation in unexpected, amazing and forward-thinking ways. The film explores how we use science and technology to invent, design, build and shape our world.

- **Wild Africa**
  - Now through Jan. 25, 2018
  - Come with us on a spectacular ride across, over, and through the magical realms of the most dramatic continent on earth: Africa. We’ll discover the fascinating secrets of this enchanted kingdom.

- **Journey to Space**
  - Now through May 3, 2018
  - “Journey to Space” celebrates the history of the Space Shuttle and International Space Station programs and tells the exciting story of what the next chapter of space exploration will bring both near- and long-term.

- **The Light Before Christmas**
  - Dec. 2, 2017 – Jan. 4, 2018
  - After losing their way on a cold, blustery Christmas Eve, two children, Katie and Makean are rescued by their friend, the Candleman, an old sage who imparts wisdom, hot chocolate, and stories.

- **Amazon Adventure**
  - Dec. 2, 2017 – May 31, 2018
  - “Amazon Adventure” tells the epic, true story of explorer Henry Bates’ fascinating 11-year journey through the visually stunning and biodiverse Amazon rainforest.

- **Mysteries of China**
  - Jan. 26 – July 26, 2018
  - “Mysteries of China” captures one of the great archaeological events of the modern age, exploring an ancient time when a fierce warrior brought together a nation and how an accidental discovery changed everything we know about China’s past.

- **In Saturn’s Rings**
  - May 4, 2018 – Nov. 1, 2018
  - Fly through Space and explore the wonders of the Universe as science meets art on the giant screen. Created from over one million real photographs from space missions and historical sources, all animated to full motion, audiences will journey from the Big Bang to the awe-inspiring rings of Saturn.

- **Meerkats**
  - Jun. 1 – Nov. 29, 2018
  - Enter the world of a clan of feisty meerkats—led by fearless leader Klinky—as they meet the challenges of living in the Kalahari Desert.

- **Wild Africa**
  - Now through Jan. 25, 2018
  - Come with us on a spectacular ride across, over, and through the magical realms of the most dramatic continent on earth: Africa. We’ll discover the fascinating secrets of this enchanted kingdom.

- **Journey to Space**
  - Now through May 3, 2018
  - “Journey to Space” celebrates the history of the Space Shuttle and International Space Station programs and tells the exciting story of what the next chapter of space exploration will bring both near- and long-term.

- **The Light Before Christmas**
  - Dec. 2, 2017 – Jan. 4, 2018
  - After losing their way on a cold, blustery Christmas Eve, two children, Katie and Makean are rescued by their friend, the Candleman, an old sage who imparts wisdom, hot chocolate, and stories.

Film Library*

- “Extreme Weather”
- “The Last Reef: Cities Beneath the Sea”
- “Lewis & Clark: Great Journey West”
- “National Parks Adventure”
- “Tiny Giants”

*A $20 fee applies to request films for a different time than regularly scheduled. This fee also applies to films requested after the dates listed or from our Film Library.

Hollywood Films

Full-length feature films are shown daily for an additional fee. Please contact the Box Office for the schedule and more information.

Visit our website for current films, show times, film descriptions, educator guides and film websites. Films, dates and times are subject to change and availability.

- $2.25/student (reduced fee)
- $3.75/student

Student Matinee

**How I Became a Pirate**

Wednesday, March 28, 2018
10 a.m. & 1 p.m.  $2/person

Recommended for Grades Pre-K - 5 | Mary W. Sommervold Hall

AAARRRGH! Sail off on a swashbuckling musical excursion as young Jeremy Jacobs joins Captain Braid Beard’s band of comical pirates and searches for the perfect spot to bury their treasure. Jeremy finds fun and adventure on the high seas, but he soon learns that home and family are treasures you can’t find on any map! Based on the popular book, HOW I BECAME A PIRATE is a joyful family musical that is sure to leave young mateys singing and dancing in the aisles! Join us for this professional national tour presented by the Dallas Children’s Theater. Approximately 60 minutes in length.

**Curriculum Connections:** Reading and Language Arts | Communication | Storytelling | Mathematics

Book Music & Lyrics by Janet Yates Vogt & Mark Friedman | Based on the book by Melinda Long | Illustrations by David Shannon

Photos by Linda Blase; Actors pictured: Scott Zerreich, Paul Taylor, Chad Patrick Smith, Lloyd Harvey, Karl Schaeffer & Alexandra Valle

---

**DAPA Youth Theatre Student Matinee**

**Frog and Toad**

Wednesday, March 21, 2018
10 a.m. & 1 p.m.  $2/person

Recommended for Grades Pre-K - 5 | Belbas Theater

A YEAR WITH FROG AND TOAD tells the story of Frog and Toad and their friendship that endures throughout the seasons. This whimsical community youth production features local student actors from the Dakota Academy of Performing Arts (DAPA) at the Washington Pavilion. Approximately 90 minutes in length.

**Curriculum Connections:** Reading and Language Arts | Communication | Storytelling | Seasons

To reserve tickets for your school group, email dapa@washingtonpavilion.org.

---

**Plays for Living Outreach**

Plays for Living performances are designed to facilitate healthy conversation on topics that can be hard to talk about. Each performance is followed by a guided facilitation. DAPA student actors perform to inspire and engage their younger peers. For more information on our plays or to schedule a Plays for Living performance for your school or community, email dapa@washingtonpavilion.org.
Pavilion On-the-Go

Can’t come to the Washington Pavilion? Let us come to you with hands-on educational experiences perfect for busy classrooms and learners. We offer both Science Discovery Labs and Art Smart Workshops that can brought to your classroom or delivered here at the Washington Pavilion. These programs are 60 minutes* and allow for unique student-centered learning in the arts and science.

*45 minutes for Pre-K and Kindergarten students

Pricing Per Session:
- Small Group (Up to 14 students) | $75
- Classroom (Groups of 15-30 students) | $150
- Mileage | $0.50 per mile for out of town requests

Engage groups of 30 or more with multiple sessions per day! For more info, email CLC@washingtonpavilion.org.

Science Discovery Labs Grades Pre-K - 5

Encouraging our future scientists and engineers! Students will practice inquiry and problem-solving skills in these hands-on science experiences. Available at the Washington Pavilion or off-site.

EARTH & SPACE SCIENCE LABS

Dinosaur Diggers
Through hands-on art, science and literature activities, students will learn about these larger-than-life creatures from long ago. Dinosaur classification and fossil excavating are just the beginning of this exciting paleontology experience. Pre-K & K

Water, Water Everywhere
Students will explore the three states of water and the water cycle through hands-on activities, and use their engineering and problem solving skills to create the most efficient rain gauge from recycled materials. Pre-K & K · 1st · 2nd

Out of this World
Students will blast off into outer space as they explore our solar system through hands-on science and engineering activities that focus on stars, planets and rockets! 2nd · 3rd · 4th · 5th

PHYSICAL SCIENCE LABS

Up, Down and All Around
From gravity and inertia, to momentum and friction, students will learn about the forces that impact our world through a variety of hands-on activities. Get ready for a lab full of pushing, pulling and falling fun! Pre-K & K · 1st · 2nd · 3rd · 4th · 5th

Good Vibrations
Students will learn the physics behind light, sound and energy waves through hands-on experiments and discover for themselves how the technology they use every day is brought to life. 1st · 2nd · 3rd · 4th · 5th

Magnetic Magic
These hands-on experiences will certainly stick with students as they explore the properties of magnets and how they interact with other objects and substances. 2nd · 3rd · 4th · 5th

Art Smart Workshops Grades Pre-K - 12

Engaging, artistic fun! Students will explore their creativity, learn art techniques and make an original art piece to take home. Complexity of pieces will be catered to the age and skill level of each group. Available at the Washington Pavilion or off-site.

☐ MIXED MEDIA
Collage or Oil Pastel
Using multiple media, students will learn about composition, color and texture and create a colorful abstract piece of art based on a theme or still life.

☐ PAINTING
Canvas or Watercolor
Color and creativity combine in this workshop. Students learn multiple painting techniques and an understanding of color theory and composition while creating a theme-based painting.

☐ SCULPTURE
Origami, Air-dry clay or Kiln fired clay*
Students will observe and try numerous sculpting techniques with different, exciting tools based on the selected medium.

*Not available off-site

Design Your Own – Not seeing what you need? Ask us! We have many great resources at the Washington Pavilion that can be catered to match your plans and programs. Customized science lab and art studio programs are available for teachers and leaders upon request for an additional fee.

Engage groups of 30 or more with multiple sessions per day! For more info, email CLC@washingtonpavilion.org.
Design Challenge
Apr. 21, 2018 | Grades K – 12
Design Challenge is an annual Washington Pavilion program that aims to motivate and inspire innovation in students through a hands-on engineering challenge. The challenge changes every year and requires student teams to tap into the worlds of science, technology, engineering, and math to channel their inner Einstein. Free of charge, this is a perfect project for school groups!

FREE to participate

Science Fair Showcase
May 12, 2018 | Grades K – 8
The Washington Pavilion Science Fair Showcase is an annual celebration of science! Science fair projects include the top three finishers from each of the area elementary and middle school science fairs. Students can display their award-winning projects and compete for the title of the region's best.

Science Fair Showcase

Student Projects at the Washington Pavilion

BOOKING A VISIT

1. Consider all available options and times for your field trip
2. Complete the “Create Your Experience” form
3. Submit your form to Group Services via email or mail:
groupservices@washingtonpavilion.org

SERVICES WE OFFER:
• A Group Services Coordinator to help plan your visit
• Convenient bus parking
• Space for brown-bag lunches
• Special needs accessibility
• Connection to state and national content standards

MUSEUM HOURS
Mon.-Sat. 10 a.m. - 5 p.m.
Sun. 12 p.m. - 5 p.m.
*Museums are closed Mondays seasonally from after Labor Day through the end of March, except when public school is not in session. The Box Office opens 30 minutes before the Kirby Science Discovery Center, Visual Arts Center and Wells Fargo CineDome.

*REDUCED ADMISSION*

To help schools and organizations that serve low income children visit the Kirby Science Discovery Center, the Children’s Visit Fund of the Sioux Falls Area Community Foundation was established by the Kirby Family, Dr. John Harris and many other donors. To qualify, schools or youth-serving organizations must have at least 20% of their children eligible for free or reduced-price lunches through the federal school lunch program. Eligible schools must submit a reduced admission request form each school year prior to their visit including their mileage and percent of students on free or reduced-price lunches. Group Services will email this form upon request. Funds are limited and will be awarded on a first-come, first-served basis.

**GROUP PRICING**

- Groups must have a minimum of ten (10) paid admission to qualify for group rates.
- One (1) teacher or chaperone is required for every ten (10) children and will be admitted free. Additional adults will be charged the adult group rate and must be booked in advance.

Rates do not include tax. Groups must submit a copy of their state tax exempt certificate if applicable. No tax reciprocity with Nebraska. Some restrictions may apply.
Group Information

FIELD TRIP DETAILS
School/Group Name: ____________________________________________
Grade Level/Age: ______________________________________________
Does your group require accommodation for special needs? □ Yes □ No
Visit Date (1st choice): _________________________________________
Requested Time Frame: _________________________________________
Visit Date (2nd choice): _________________________________________
Requested Time Frame: _________________________________________

# of Students: ___________ # of Vans/Cars: ________________
# of Chaperones/Staff: _______________ # of Buses: ______________

GROUP CONTACT INFORMATION
Primary Contact: ______________________________________________
Role: _______________________________________________________
Phone: _____________________________________________________
