About Us

The **Washington Pavilion** is the region’s home for the arts, entertainment and science. Located in a beautifully renovated historic building in downtown Sioux Falls, it is one of only a few facilities in the world to bring together under one roof the performing arts, visual arts, interactive science and educational opportunities.

**Our Mission**
is to inspire, educate, entertain and enrich our region by creating opportunities for all to explore and experience the arts and science.

**Our Vision**
is to be the region’s premier arts and science destination, inspiring lifelong discovery and inclusive experiences.

**Our History**
The Washington Pavilion opened its doors in June of 1999 in the renovated, historic building that served as Washington High School from 1908-1992. This historic transformation was accomplished through the support of public and private funding.

**Our Values**
Your Field Trip Experience

The Washington Pavilion team is ready to host your group for an unforgettable field trip! The standard field trip experience is below. If you have additional time available, expand your visit with a “Museum Plus Experience.”

Field Trip Itinerary

School: Our School
Field Trip Date: 2018-19 School Year

</tbody>
</table>
Visual Arts Center

What’s going on in this picture? Watch your students’ curiosity come alive as they engage with our volunteer docents – or art tour guides – to answer this question as they go on an art adventure! Each guided tour is specifically designed to fit the size and age of your group so every child remains excited and engaged while they experience the art museum. From local favorites to internationally-acclaimed artwork, the Visual Arts Center always has something new to see!

“The highlight of the visit was the student engagement. It was so fun seeing kids fascinated and trying new things.”

Laura Jewell | This Land
Jan. 12 - May 12, 2019

Explore South Dakota’s state parks with local artist Laura Jewell. Jewell received a grant from the South Dakota Arts Council to research and visit each of our state parks, resulting in more than fifty abstract landscape paintings inspired by the natural wonders of South Dakota.
Kirby Science Discovery Center

Discover. Interact. Play. The Kirby Science Discovery has three floors of hands-on, engaging, educational exhibits ready for your group to explore. From space exploration and physics to earth science and health, our science museum meets educational standards and provides a unique, unforgettable field trip for groups. Come explore some of our newest exhibits:

Now Open Through May 12

Grossology: The (Impolite) Science of the Human Body

Here are just a few activities in Grossology:

- Play the pinball game “Gas Attack” by scoring off bumpers dressed up as food items that cause gas.
- Mimic the buildup of acid indigestion by causing the “Burp Machine” to release a giant belch.
The Museum Plus Experience

$2.50/student | $6.50/student
(reduced fee)

Select one option to make your visit a Museum Plus Experience. Each additional activity may be added for $0.50 (reduced fee)/$1.50 per student.

Art Labs

(45 minutes-1 hour depending on age group; Pre-K-high school)

Engaging, artistic fun! Students will explore their creativity, learn art techniques and make an original art piece to take home in this hands-on, instructor-led experience with museum staff. Complexity of pieces will be catered to the age and skill level of each group. Available for classroom size groups.

Printmaking Explore the printmaking process by creating a composition, carving into your own printmaking plate, rolling on block printing ink, and making multiple prints on colored paper. Student will mat their favorite print onto cardstock ready for framing.

Sculpture Students will observe and try numerous sculpting techniques with different, exciting tools.

STEM Labs

(45 minutes-1 hour depending on age group)

Students will practice inquiry and problem-solving skills in these hands-on science experiences led by museum staff. Available for classroom size groups.

Up, Down, All Around (Physical Science | Pre-K-6th grade)
From gravity and inertia to momentum and friction, students will learn about the forces that impact our world through a variety of hands-on activities. Get ready for a lab full of pushing, pulling and falling fun!

Our Amazing Earth (Earth Science | 2-5th grade)
In this lab, students will explore how our earth is constantly changing though erosion, weathering and natural disasters themed hands-on experiments.

STEM Builders (Engineering | Pre-K-6th grade)
There is no end to the creative fun this hands-on lab has in store for students as they tackle challenges by following the Engineering Design Process. Catapults, earthquake-proof towers and programmable robots are just a few examples of the challenges your students might face in this exciting lab.

All About Me (Biology | K-3rd grade)
There is no one quite like you. In this lab, students will explore some of the things that make them unique – fingerprints, DNA and heredity.

Select one option to make your visit a Museum Plus Experience. Each additional activity may be added for $0.50 (reduced fee)/$1.50 per student.
Science Demonstrations

(20 minutes | Pre-K-high school | Designed for larger groups)

**Mad Scientist**
Enter our crazy chemistry “lab” as we experiment with color changing flowers and gravity defying liquids. Experiments with dry ice make any day more exciting! Watch as we amaze and dazzle using science with a pop. **CHEMISTRY | SUBLIMATION | POLYMERS | ACIDS | BASES | DENSITY**

**Magic? It’s Science!**
Abracadabra…it’s science! Explore amazing science principles like Isaac Newton’s law of gravity and his three laws of motion. Then, explore distribution of weight as a bed of 2,106 nails lift you into the air. Animal adaptions are also magical…meet our resident reptiles to find out how! **WEIGHT DISTRIBUTION | GRAVITY | LAWS OF MOTION | REPTILES | ADAPTATIONS**
Science comes alive on the giant 60-foot Wells Fargo CineDome screen. A high-tech digital projection system provides incredible high-definition technology, with a state-of-the-art 4K single image projector. All films are approximately 40 minutes long.

Backyard Wilderness 😊
Feb. 1 – May 31, 2019
Backyard Wilderness will surprise and entertain viewers with the unexpected wonders of nature that are right under our noses – in our own backyards. The film reminds us that Wi-Fi is not the only connection that matters and that sometimes in ordinary places, you can uncover extraordinary things – you just need to step outside.

Topics Covered:
- NATURE · ECOSYSTEMS · ANIMALS · BIODIVERSITY

America's Musical Journey
Feb. 1 – May 31, 2019
America’s Musical Journey tells the story of the unique cultures that gathered together to innovate and create new forms of thought and music in America. Unique in its narrative power, this film challenges students to see the intersection between art, history, language, and science.

Topics Covered:
- MUSIC · HISTORY · ART · LANGUAGE · SOCIAL STUDIES

* A $20 fee applies to request films for a different time than regularly scheduled. This fee also applies to films requested after the dates listed or from our Film Library.

Visit our website for current films, show times, film descriptions, educator guides and film websites. We are not able to accommodate special film changes during the month of May.

Before she was a renowned humanitarian, conservationist and animal activist, Dr. Jane Goodall was a little girl with a very special toy chimpanzee named Jubilee. Together, Jane and Jubilee went on outdoor adventures that inspired Jane to spend the rest of her life living with and helping animals. In this new musical adaptation, join young Jane and her special friend as they learn about the world around them and the importance of protecting all living species. With anecdotes taken directly from Jane Goodall’s autobiography, this true story is accessible for the very young—and young at heart.

**Recommened for Grades 1-5**

**Curriculum Connections:**
- Life Science
- Storytelling
- History

**$2/person**

“The idea of bringing Me…Jane to the stage is very exciting. I LOVE THE BOOK AND I AM SURE THAT THE LIVE ACTION will inspire children of all ages to pursue their dreams and to realize IF JANE DID IT, THEY CAN DO IT, TOO.”

Jane Goodall

A World Premiere Kennedy Center Commission Adapted by Andy Mitton, Patrick McDonnell and Aaron Posner | Music and Lyrics by Andy Mitton | Based on the Book Me…Jane by Patrick McDonnell | Choreographed by Christopher D’Amboise | Directed by Aaron Posner Part of JFKC: A Centennial Celebration of John F. Kennedy
Illusionist Bill Blagg’s one-of-a-kind educational experience, *The Science of Magic*, takes students on a rare, behind the scenes journey of the magic world. This comedy-filled, action-packed presentation is highly interactive and makes science fun and exciting! Students will watch in amazement as science creates magic right before their very eyes. *The Science of Magic* is designed to excite, educate, intrigue and promote students to think about how science and the Scientific Method are used by magicians to create the impossible. To learn more about Bill Blagg visit [www.billblagg.com](http://www.billblagg.com).

**APRIL 10, 2019 • 10 a.m. & 1 p.m. • Mary W. Sommervold Hall**

Recommended for Grades 2-7

Approximately 60 minutes in length

**Curriculum Connections:**

- Scientific Method
- The Water Cycle
- Physical Properties
- States of Matter
- Center of Gravity
- Properties of Light
- Newton’s Laws of Motion
- Mirrors – Reflection/Refraction
- Problem Solving
- Theatre

$2/person

Design Challenge
Apr. 27, 2019 | Grades K – 12

Design Challenge is an annual Washington Pavilion program that aims to motivate and inspire innovation in students through a hands-on engineering challenge. The challenge changes every year and requires student teams to tap into the worlds of science, technology, engineering, and math to channel their inner Einstein. Free of charge, this is a perfect project for school groups!

To get involved, please contact the Community Learning Center at CLC@washingtonpavilion.org

Science Fair Showcase
May 11, 2019 | Grades K – 8

The Washington Pavilion Science Fair Showcase is an annual celebration of science! Science fair projects include the top three finishers from each of the area elementary and middle school science fairs. Students can display their award-winning projects and compete for the title of the region's best.

FREE to participate

Off the Fridge Student Art Exhibit

The impressive, ever-changing Off the Fridge art gallery at the Washington Pavilion exhibits the work of local students. Through this program, schools are given the opportunity to professionally display their young artists' work on the Washington Pavilion's 2nd floor lobby for one month. Artists and their families are invited to a special art reception celebrating their work.

To involve your school or art class in Off the Fridge, please contact the Community Learning Center at CLC@washingtonpavilion.org
Booking a Visit

1. Consider all available options and times for your field trip

2. Complete the “Create Your Experience” and “Group Information” forms – See pages 18 and 19

3. Submit your form to Group Services via email or mail: groupservices@washingtonpavilion.org

   301 S. Main Ave, Sioux Falls, SD 57104

SERVICES WE OFFER:

- A Group Services Coordinator to help plan your visit
- Convenient bus parking
- Space for brown-bag lunches
- Special needs accessibility
- Connection to state and national content standards

MUSEUM HOURS

Mon.*-Sat. 10 a.m. - 5 p.m.
Sun. 12 p.m. - 5 p.m.

* Museums are closed Mondays seasonally from after Labor Day through the end of March, except when public school is not in session. The Box Office opens 30 minutes before the Kirby Science Discovery Center, Visual Arts Center and Wells Fargo CineDome.

**Available to group who have 20% of their students on free or reduced lunch.

### GROUP PRICING

- Groups must have a **minimum of ten (10)** paid admission to qualify for group rates.
  - *One (1) teacher or chaperone is required for every ten (10) children and will be admitted free. Additional adults will be charged the adult group rate and must be booked in advance.*

Rates do not include tax. Groups must submit a copy of their state tax exempt certificate if applicable. No tax reciprocity with Nebraska. Some restrictions may apply.

### REDUCED ADMISSION

To help schools and organizations that serve low income children visit the Kirby Science Discovery Center, the Children’s Visit Fund of the Sioux Falls Area Community Foundation was established by the Kirby Family, Dr. John Harris and many other donors. **To qualify, schools or youth-serving organizations must have at least 20% of their children eligible for free or reduced-price lunches through the federal school lunch program.** Funds are limited and will be awarded on a first-come, first-served basis.

### BUS TRANSPORTATION SUPPORT

Available to groups coming for the Museum Experience with 40% or more of their students on free or reduced lunch. Support is available for up to $100 per bus reimbursement. Transportation support is available for trips scheduled for the months of September-March. Transportation funds are limited and available on a first-come, first-served basis.
