*Entry into the Sidewalk Arts Festival Fine Art competition is restricted to artists whose booths are registered under the Fine Art section only. No photocopies, off-set lithographic reproductions or giclee reproductions will be considered. No ceramics made from molds will be judged. No artworks produced from kits will be judged. Original artworks are defined for the purposes of this judging as drawings, paintings, sculptures, ceramics, glass, photographs, original handmade prints (such as etchings, engravings, serigraphs, lithographs, etc.) and original fiber art, as well as other forms of mixed media work that would be considered Fine Art.

Booth Space

- Each booth equals a 12'x12' space (approx.).
- All vendors must occupy only the amount of space they indicate on the application. If you exceed this space, you will be required to purchase another booth, if available. All booth exhibitors must confine doing business to their assigned space. Because of fire code regulations, you may not extend your booth display out into the street. Walking concessions or exhibits are also not allowed. The sale, posting, or distribution of any merchandise, products, promotional items, printed or written material except from the assigned fixed location is prohibited. Failure to comply will result in immediate forfeiture of all booth/exhibitor privileges without reimbursement.
- Booths are assigned in advance of the Festival and restricted to the juried artist(s) and their work.
- Corner booth spaces are located at the end of a row and allow vendors to sell from one additional side as well as extending booth display up to two feet in width on the open side.
- Location requests are not guaranteed.
- Artists must provide all display materials, including protection from sun, wind and rain.
- The event takes place on a paved surface, which does not allow for anchoring of any supports into the ground. Structures should be built to withstand strong gusts of winds and crowds. Please bring an adequate amount of weight to secure your tent/canopy in case of windy weather.
- Wi-Fi is not available.

Electricity

Electricity is available on a first-come-first-served basis and is limited to booth spaces around the perimeter of Washington Pavilion. Electricity must be ordered in advance and is \$55. Triplexes provide 110 volts 15 amps total (to be shared between three vendors). You are responsible for bringing your own 100 ft. extension cord.

Booth Set-Up and Tear-Down

- Set-up may begin at 2 a.m. the morning of the festival. For a limited time frame, loading vehicles may drive up to their booth space to unload. All vehicles must be off the streets by 7 a.m.
- Tear-down may not begin until 5 p.m. For a limited time frame, loading vehicles may drive up to the booth space to load up products beginning at 5:15 p.m.
- Garbage Fine: A \$50 fine will be charged to any vendor who leaves garbage behind following the festival. Failure to comply may prevent vendors from future participation in the Festival.

Jury Process

- The jury will review each artist's set of images.
- The image information statement and image descriptions provided on the application will be made available to the jury.
- Each artist is scored by jury members on a scale of 1-5, the top score being 5 and the lowest score being 1.
- Decisions of the jury are final.
- The jury will use the following standards as their guide to accepting artists:
 - ✓ Work is original and made by hand
 - ✓ Work is well-designed/composed
 - ✓ Work shows creativity and originality of design
 - ✓ Work is well-conceived, expertly executed without technical faults
- Points are awarded based on originality of work shown, salability and a desire to keep the media in the show balanced. The artist's statement, process, materials used and dimensions will be available to the jury panel to aid in the scoring process. The Sidewalk Arts Festival will notify all applicants whether accepted, rejected or on the waiting list.

Images for Jury

Please submit four (4) images. Three of the images must be of individual pieces of work, and one image must be of your current display booth. Images must portray work that is current, original and representative of the work you will display and sell on-site at the festival.

If a booth image is not available, submit an image taken of a grouping of works representative of the works to be exhibited at the show. The purpose of the booth image is to ensure the artist has a complete body of work which is represented both in the first three images and also within the fourth image. It also helps identify the scale of the artist's work.
